

CREDIT PROTECTION

Total Care AutoSM
Powered by Landcar

When you think about protecting your new vehicle, the first thing that might come to mind is the paint or the interior. However, there are a lot of other aspects of protecting your new investment.

Total Care Auto Vehicle Protection takes care of all those little details.

What if an accident happens and you owe more than your car is worth? If it gets stolen, will you get it back safely or will it just become another statistic? And if it does get stolen, think about all the personal information that you lose. A modern-day thief might just break in to steal your identity.

Total Care Auto Vehicle Protection takes care of all those little details and protects all the aspects of your vehicle you never thought about before.

ID THEFT PROTECTION

With all the personal information inside your car, a theft can impose more of an inconvenience than just an empty spot in the driveway.

Total Care Auto ID Theft Protection completely covers you with easy access to your credit score and public records, and includes ongoing credit monitoring and alerts.

In the event something does happen, you'll have the assistance of a personal trained recovery advocate to handle the time consuming process of reclaiming your identity.

VEHICLE THEFT REGISTRATION

Statistics say a vehicle is stolen every 23 seconds in the United States. Protect your car with Total Care Auto Vehicle Theft Registration.

An identification number is tagged to body panels. This number is linked to our Total Care Vehicle Theft Registration database. Then law enforcement can easily track it down.

Window etching tells would-be thieves the vehicle is protected, deterring them from even stealing it in the first place.

If you are the victim of a theft, we will pay you \$2,500 if it's not recovered within 30 days.

GAP COVERAGE

After an accident, will your insurance company provide all the coverage needed to pay off your vehicle?

Imagine the following scenario: A year after purchasing your vehicle, it is in an accident. Your auto loan is \$20,000. The vehicle's book value is \$15,000. The amount the insurance company is willing to pay you after your deductible is \$14,500. You are left with a \$5,500 gap that you have to pay.

With Total Care Auto, that difference is handled.* In certain situations, your insurance deductible may be covered as well.
